Dear Clarice

**ACVV KHAYALETHU DONATION FROM ALGOA BRICK - MONIES TO THE TOTAL VALUE OF R40 000 FOR PAVING**

Thank you so very much for monies donated to us for paving around Khayaalethu. We appreciate your loyalty to us through the years. The paving makes a huge difference around our property and helps to keep the property neat and functional. The paving is a blessing in rainy weather as our vehicles constantly drive up and down on our paved road transporting boys to school and back. Paved areas has helped to provide parking for staff and visitors. Thank you for helping us make a difference on our property. Can't wait for the paving work to start!

We are so proud and privileged to be part of the food packets community project at Storehouse Church in Lorraine. These food packs get sent all over the Metro and is a blessing to many in need, who don't have food. We may never know how many of our boys that pack these meals have been in a situation where they don't know if they will have food to eat for the day and face bare kitchen cupboards.

Once a week for two hours a group of eight boys and two adults take our boys to Storehouse Church to put together food packets, these food packets consist of rice, soya and soup mix, these bags are filled and a slip of paper with cooking instructions is placed in the plastic bag and sealed. A meal packet feeds up to six people. The food packet is a wholesome and nutritious meal that has been scientifically worked out. Careful care is taken that the correct amount of rice, soya and soup mix is added, it takes a lot of concentration from the boys to put the correct amount of mix in the bag and not to get distracted by the bantering and joking around the packing table.

Packing food packets is a safe and valued way for us to sow back into the community, it's a wonderful opportunity to teach our boy's to help others and to do something for other people. There is a sense of achievement when the boy's see their handy work.

Life seems to be getting back to a "new normal" at Khayaalethu, we are so grateful that our boys have been healthy and have not been severely sick, besides sniffles and coughs we have sailed through this winter and its Covid-19 challenges.

We wish you blessings and good health from all of us at Khayaalethu.

Kind Regards

  
Dr Marietjie van der Merwe

**Khayaalethu Youth Centre is a project of the ACVV, which is a registered Public benefit Organization (PBO) with the South African Revenue Services. The PBO registered REG. Number 93006889. This means that all donations are tax deductible both personally for your business. Please ensure that you receive a receipt from us, which you can pass on to your accountant and tax planner – this will help you to pay less tax!**
